

As a Full Service Entrance Company...

Door & Gate USA services all of your entrance needs from the door you walk through to get into your office to the parking lot ticket machine for your visitor parking garage. We study your traffic and security needs, how you utilize your equipment, and make suggestions on how to maximize the use of your products with minimal downtime. You can RELY on Door & Gate USA for quick response times, even after hours (for that exciting 2am phone call that your gate is stuck). We'll respond quickly and work effectively to restore your equipment to normal use.

Be the "Office Hero", call Door & Gate USA TODAY!

With over 28 years of experience, we pride ourselves on being in business for your business.

Door & Gate USA has invested in the best technology that allows us to operate with minimal overhead, which is how we, at Door & Gate, are able to provide our customers with prices that are significantly lower than the competition.

Then we take that innovative approach and we apply it to our customers, showing them alternatives that will save them money, energy, labor costs and improve their safety stats.

What do We do?

Preventative Maintenance

An economical way to prevent costly door repairs! No Contracts!

Service and Repair

Fast response times! No surcharge for EMERGENCY SERVICE!

Energy & Traffic Efficiency Audits

Have a traffic control issue? Losing energy? Schedule a free efficiency audit today!

Installation

Whether you need a new dock bumper or a door replacement, you can rest assured that we will get you the best prices on the market.

Fire Door Testing & Inspection

Fire code requires annual testing to ensure safety & responsiveness during a fire. We will inspect, repair & certify your fire doors as well as send out yearly reminders when your upcoming inspection is due.

Loading Docks

Got trucks? We nimbly work around your high traffic with our detailed preventative maintenance minimizing downtime ~ keeping your docks running round the clock.

Warehouse

Keep inventory safe with security doors and gates. Reduce accidents with automated traffic control, responsive dock levelers & more!

Pharmaceutical

Your labs & environmentally controlled areas need to be clean & secure with state of the art high speed and climate controlled doors.

Office Buildings

Keep your office secure and professional from front to back with glass entry doors, secure personnel entrances, loading docks, fire doors, parking garages & more.

Garages

Garage doors aren't always so simple. With R factors, multiples sizes, speeds and types, picking the right door for your application can be confusing.

Gates

Keep your property secure with automatic gates that sense traffic & close quickly after their use. Space saving designs available!

Access Control

Automate Equipment! From badge entry (card reader access), gate key pads, custom operators & more
